

Oak Field School Child Safeguarding Policy 2016

(This Policy is based on the Child Safeguarding Policy Framework for Nottingham Schools)

Introduction

At Oak Field School, the governors and staff fully recognise the contribution the school makes to safeguarding children. We recognise that the safety and protection of all pupils is of paramount importance and that all staff, including volunteers, have a full and active part to play in providing early help protecting pupils from harm. We believe that the school should provide a caring, positive, safe and stimulating environment which promotes all pupils' social, physical, emotional and moral development. In delivering this ambition we will adhere to the principles set out in Nottingham's Family Support Strategy and NCSCB Policy, Procedures and Practice Guidance.

Ultimately, effective safeguarding of children can only be achieved by putting children at the centre of the system, and by every individual and agency playing their full part, working together to meet the needs of our most vulnerable children, in line with Working Together 2015 and Keeping Children Safe in Education 2016.

The aims of this policy are to:

- confirm that the pupils' development is supported in ways that will foster security, confidence and independence
- raise the awareness of teachers, non-teaching staff and volunteers of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse
- confirm the structured procedures to be followed by all members of the school community in cases of suspected harm or abuse
- emphasise the need for good levels of communication between all members of staff and those with designated responsibility for child safeguarding, health and safety and other safeguarding responsibilities
- emphasise the importance of maintaining and implementing appropriate safeguarding policies, procedures and arrangements of those service providers who use the school's premises through extended schools or provide any other before and after school activities
- highlight the connection between the safeguarding Policy and the school's policy for safe recruitment of staff and volunteers, and for managing allegations
- confirm the working relationship with Children and Families Direct, the NCSCB and other agencies and, where appropriate with similar services in neighbouring authorities.

Responsibilities

i. The governing body:

- has trained link governor(s) for:
child safeguarding, named: **Glenys Clifton**

who will attend training/updates at least every three years and will also receive the regular safeguarding updates referred to above

looked after children, named: **Glenys Clifton**

The Chair of Governors (Sarah Bustard) is the member of the governing body nominated to liaise with the local authority and/or partner agencies on issues of child protection in relation to safeguarding and in the event of allegations of abuse made against the Headteacher, the Principal of a college or proprietor or member of governing body of an independent school.

- will ensure that the school has a child safeguarding policy, single central record, staff conduct policy and procedures in place, operates safe recruitment procedures, makes appropriate checks on staff and volunteers and has procedures for dealing with allegations against staff and volunteers that all comply in accordance with NCSCB.
- will ensure that schools and colleges create a culture of safe recruitment and, as part of that, adopt recruitment procedures that help deter, reject or identify people who might pose a risk to children (Part three: Safer Recruitment, Keeping Children Safe in Education 2016).
- has appointed a member of staff of the school or college's leadership team to the role of designated safeguarding lead. This individual is **Kathleen Cross**
- Will ensure the school/college keeps an up to date single central record of pre-employment checks, specifying when the check was made and when it will be renewed.
- monitors the adequacy of resources committed to child safeguarding, and the staff and governor training profile
- recognises that neither it, nor individual governors, have a role in dealing with individual cases or a right to know details of cases (except when exercising their disciplinary functions in respect of allegations against staff)
- ensure that the child safeguarding policy is available to parents and children on request
- will ensure this policy and practice complements other policies e.g. anti-bullying including cyber bullying, health and safety, to ensure an integrated model of safeguarding operates across the school.

ii. The Headteacher David Stewart will ensure that:

- the policies and procedures adopted by the Governing Body are followed by all staff
- the policy will be updated annually, and be available publicly either via the school or college website or by other means.
- designated staff review policy when the NCSCB update their policies and procedures
- sufficient resources and time are allocated to enable the designated persons and other staff to discharge their responsibilities including taking part in strategy discussions and other multi-agency meetings, to contribute to the assessment and support of children and young people, and be appropriately trained.
- a single central database of all staff and volunteers, and their safeguarding training dates is maintained and that this list confirms that all staff and those volunteers who meet the specified criteria have had a DBS check, when this check was made and when it will be renewed.
- all staff and volunteers feel able to raise their concerns about poor and unsafe practice in regard of pupils, and such concerns are addressed in a timely manner in accordance with agreed policies.
- school staff are sensitive to signs that may indicate possible safeguarding concerns. This could include, for example, poor or irregular attendance, persistent lateness, children missing from education, particularly where there are concerns regarding the potential for forced marriage or female genital mutilation.
- he/she undergoes child safeguarding training which is updated regularly, in line with advice from the NCSCB.

- a visitor's policy is in place that puts the safeguarding of pupils at the centre and is applied to all visitors irrespective of their status.
 - All visitors to the school will be asked to bring formal identification with them at the time of their visit (unless they are named on the approved visitors/contractors list as set out below).
 - Once on site, all visitors must report to reception first. No visitor is permitted to enter the school via any other entrance under any circumstances.
 - At reception, all visitors must state the purpose of their visit and who has invited them. They should be ready to produce formal identification upon request.
 - All visitors will be asked to sign the Visitors Record Book which is kept in reception at all times making note of their name, organisation, who they are visiting and car registration.
 - All visitors will be required to wear an identification badge – the badge must remain visible throughout their visit.
 - Visitors will then be escorted to their point of contact OR their point of contact will be asked to come to reception to receive the visitor. The contact will then be responsible for them while they are on site. The visitor must not be allowed to move about the site unaccompanied unless they are registered on the Approved Visitor List (to be on this list, the person must have a current clear DBS check and children's barred check with a copy of this registered on the schools central record. They must then follow the procedures above e.g. sign into the visitors book and enter the premises via reception).

Allegations against the Headteacher

Where an allegation is made against the Headteacher, Principal or equivalent, the Chair of the Governing Body, or equivalent, must be informed as well as the Designated Officer (LADO) **0115 8762302**.

iii. The trained designated leads (Headteacher/senior managers) for child safeguarding:

- 1 Kathleen Cross (Assistant Head)
- 2 Patricia Lewis (Deputy Head)

will:

- have their roles explicitly defined in their job descriptions
- be given sufficient time, funding, supervision and support to fulfil their child welfare and safeguarding responsibilities effectively
- undergo updated child safeguarding training every two years.
- Liaise with relevant agencies in accordance with the NCSCB procedures when referring a pupil where there are concerns about possible abuse or harm
- where there are concerns about a member of staff's suitability to work with children, contact the Designated Officer (LADO)
- be able to access the contents of the NCSCB procedures and Personnel procedures and make these accessible to all staff
- ensure all staff, including supply staff, visiting professionals working with pupils in the school and volunteers are informed of the names and contact details of the designated leads and the school's procedures for safeguarding children
- support staff who attend strategy meetings, looked after reviews and/or case conferences

- support staff and volunteers who may find safeguarding issues upsetting or stressful by enabling them to talk through their anxieties and to seek further support from the school leadership group or others as appropriate
- ensure involvement of other designated leads e.g. where there are concerns about a pupil who is 'looked after'
- support staff to reflect on the information they hold about children and provide an alternative perspective on issues in order to promote a better understanding of what may or may not be concerning

Designated leads will ensure that:

- written records of concerns are kept, even if there is no immediate need for referral; and monitored using the Common Assessment Framework (CAF) or Priority Families Assessment
- all child protection records are marked as such and kept securely locked, and if these are stored electronically, that they are differently password protected from the pupils' other files, and accessible only by the Head teacher/designated leads
- pupil records are kept separately, and marked as appropriate to indicate other confidential records are being held elsewhere
- all absence letters are dated and clearly signed by a teacher/tutor, and that if there are concerns about attendance and a pupil's wellbeing and safety, the Education Welfare Officer is contacted
- phone calls about absences are similarly logged and dated
- the children missing education- statutory guidance for local authorities 2016 is adhered to
- where a pupil is subject to a Child Protection Plan, and is absent without explanation for two days, their key worker in Children's Social Care is contacted.
- records are monitored for patterns of what, when taking in isolation would appear to be low level concerns, but when viewed together indicate a pattern which requires further action.
- where there are existing concerns about a pupil, and they transfer to another school in this authority, a copy of information held is transferred securely and confidentially e.g. a CAF is forwarded under confidential cover and separate from the pupil's main file to the designated lead for child safeguarding in the receiving school
- where a pupil has a **child protection plan** or there are ongoing child protection enquiries and transfers to another school;
 - the designated lead for Safeguarding is informed immediately
 - their child protection file is copied for any new school or college as soon as possible but transferred separately from the main pupil file.

iv. The staff

All staff, teaching and non-teaching, volunteers and others working in school need to:

- Read Part 1 of Keeping Children Safe in Education
- be aware that to safeguard children, they have a duty to share information with the designated leads, and through the designated lead, with other agencies
- be aware that despite the requirement to share information with designated leads they can make their own referral to Children's Social Care, e.g. in urgent situations.
- be alert to signs and symptoms of harm and abuse. Further information regarding potential indicators of abuse, including specific information about risks such as Female Genital Mutilation and Forced Marriage is available on the NCSCB webpage

- know how to respond to their duty when they have concerns or when a pupil discloses to them and to act
- know how to record concerns and what additional information may be required
- undergo child safeguarding training which is updated regularly in line with advice from the NCSCB, (whole staff training every three years)
 - Recognise that abuse and neglect can happen in any setting and maintain an attitude of 'it could happen here'
- familiarise themselves with "What to do if you're worried that a child is being abused: advice for practitioners guidance." (2015)

Reporting concerns to the designated leads

Any concern should be discussed in the first instance with *one of the designated leads or in their absence the Headteacher*, as soon as possible. **If at any point, there is a risk of immediate serious harm to a child, a referral should be made to Children's Social Care or the police immediately. Anybody can make such a referral.**

Immediate response to the pupil

It is vital that our actions do not harm the pupil further or prejudice further enquiries, for example:

- listen to the pupil, if you are shocked by what is being said, try not to show it
- it is OK to observe bruises but not to ask a pupil to remove their clothing to observe them
- if a disclosure is made,
 - accept what the pupil says
 - stay calm, the pace should be dictated by the pupil without them being pressed for detail by asking leading questions such as "what did s/he do next?" It is your role to listen - not to investigate
 - use open questions such as "is there any thing else you want to tell me?" or "yes?" or "and?"
 - be careful not to burden the pupil with guilt by asking questions like "why didn't you tell me before?"
 - acknowledge how hard it was for the pupil to tell you
 - do not criticise the perpetrator, the pupil might have a relationship with them
 - do not promise confidentiality, reassure the pupil that they have done the right thing, explain whom you will have to tell (the designated lead) and why; and, depending on the pupil's age, what the next stage will be. It is important that you avoid making promises that you cannot keep such as "I'll stay with you all the time" or "it will be all right now".

Recording information

- Make some brief notes at the time or immediately afterwards; record the date, time, place and context of disclosure or concern, facts and not assumption or interpretation. Your name and role should be included.
- If it is observation of bruising or an injury try to record detail, e.g. "right arm above elbow". Do not take photographs.
- Note the non-verbal behaviour and the key words in the language used by the pupil (try not to translate into 'proper terms').
- It is important to keep these original notes and pass them on to the designated member of staff who may ask you to write a referral.

Supporting pupils

- The staff and governors recognise that a child or young person who is abused or witnesses violence may find it difficult to develop and maintain a sense of self worth. We recognise that in these circumstances pupils might feel helpless and humiliated, and that they might feel self blame.
- We recognise that this school might provide the only stability in the lives of pupils who have been abused or who are at risk of harm.
- We accept that research shows that the behaviour of a pupil in these circumstances might range from that which is perceived to be normal to aggressive or withdrawn.
- The school will support all pupils by: discussing child protection cases with due regard to safeguarding the pupil and his or her family; supporting individuals who are, or are thought to be, in need or at risk in line with NCSCB procedures; encouraging self-esteem and self-assertiveness; challenging and not condoning aggression, bullying or discriminatory behaviour; promoting a caring, safe and positive environment.
- We recognise that the provision of the right help at the right time is a key element of our wider safeguarding responsibilities. This includes the provision of Early Help either directly through the school or by signposting to other local services, as set out in Nottingham City's Family Support Strategy. Where a child is receiving early help support we will continue to monitor this to make sure it is having the required impact. Where there is no evidence of this impact we will consider other alternatives, which may include seeking specialist support.

Confidentiality

- The personal information about all pupils' families is regarded by those who work in this school as confidential. All staff and volunteers need to be aware of the confidential nature of personal information and will aim to maintain this confidentiality
- Staff understand that they need know only enough to prepare them to act with sensitivity to a pupil and to refer concerns appropriately. The designated leads and Headteacher will disclose information about a pupil to other members of staff on a need to know basis only. It is inappropriate to provide all staff with detailed information about the pupil, incidents, the family and the consequent actions.

Staff must be aware that:

- they cannot promise a pupil complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the pupil or other pupils safe
- Where there are concerns about a pupil's welfare relevant agencies need to be involved at an early stage. If a member of staff or a volunteer has concerns about a pupil's welfare, or if a pupil discloses that s/he is suffering abuse or reveals information that gives grounds for concern, the member of staff must speak to their designated lead with a view to passing on the information.

Working with parents/carers

- Parents and carers play an important role in protecting their children from harm.
- In most cases, the school will discuss concerns about a pupil with the family and, where appropriate, seek their agreement to making referrals to Children and Families Direct.
- Where there are any doubts, the designated lead should clarify with Children and Families Direct whether, and if so when and by whom, the parents should be told about the referral. Alternatively they could ring the Consultation Line in Children's Duty to discuss this case. The number for this is **07711189544**

- The pupil's views will be considered in deciding whether to inform the family, particularly where the pupil is sufficiently mature to make informed judgments about the issues, and about consenting to that.

“Children want to be respected, their views to be heard, to have stable relationships with professionals built on trust and for consistent support provided for their individual needs. This should guide the behaviour of professionals. Anyone working with children should see and speak to the child; listen to what they say; take their views seriously; and work with them collaboratively when deciding how to support their needs.” Working Together 2015

- The school aims to help parents understand that the school, like all others, has a duty to safeguard and promote the welfare of all pupils. The school may need to share information and work in partnership with other agencies when there are concerns about a pupil's welfare.

Looked After Children

Supporting children in care is a key priority for our school. We recognise that the needs of this group of children can only be effectively met when all agencies work together. To ensure we have a coordinated approach to meeting the needs of children in care who attend our school we have a designated lead, who is **Kathleen Cross** as well as **Looked After Champions** who are **Laura Wyatt** and **Matthew Riley**

Prevention in the Curriculum

- The school recognises the importance of developing pupils' awareness of behaviour that is unacceptable towards them and others, and how they can help keep themselves and others safe.
- The PSHE programme *in each key stage* provides personal development opportunities for pupils to learn about keeping safe and who to ask for help if their safety is threatened. As part of developing a healthy, safer lifestyle, pupils are taught to, for example:
 - safely explore their own and others' attitudes
 - recognise and manage risks in different situations and how to behave responsibly
 - judge what kind of physical contact is acceptable and unacceptable
 - recognise when pressure from others (including people they know) threatens their:
 - personal safety and well-being and develop effective ways of resisting pressure;
 - including knowing when and where to get help
 - use assertiveness techniques to resist unhelpful pressure.
 - How to keep safe on-line
 - The risks associated with sharing indecent images of, or information about, themselves. This is something that is often referred to as Sexting. Research indicates that this is increasingly associated with concerns such as sexual exploitation. Our work in this area is based on the guidance set out in Sexting in Schools and Colleges: Responding to Incidents and Safeguarding Young People.

Particularly Vulnerable Groups

Some children and young people may be particularly vulnerable to abuse and harm. This includes for example privately fostered children, children with a disability, children with communication needs. Certain forms of behavior can also increase the vulnerability of a young person such as drug or alcohol misuse. The designated safeguarding lead should be aware of

the range of guidance that is available and vigilant to concerns being raised by staff and children which need to be reported in accordance with national (Government) and local (NCSCB) procedures without delay. The lead should also ensure staff working with children are alert to signs which may indicate possible abuse or harm.

Child Sexual Exploitation

The sexual exploitation of children and young people (CSE) under 18 is defined as that which: 'involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive 'something' (e.g. food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of them performing, and/or another or others performing on them, sexual activities.

Child sexual exploitation can occur through the use of technology without the child's immediate recognition; for example being persuaded to post sexual images on the Internet/mobile phones without immediate payment or gain. In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships being characterised in the main by the child or young person's limited availability of choice resulting from their social/economic and/or emotional vulnerability.' (Department for Education, 2012)

Child sexual exploitation is a form of abuse which involves children (male and female, of different ethnic origins and of different ages) receiving something in exchange for sexual activity. Schools are well placed to prevent, identify and respond to children at risk of sexual exploitation.

Who is at risk?

Child sexual exploitation can happen to any young person from any background. Although the research suggests that the females are more vulnerable to CSE, boys and young men are also victims of this type of abuse.

The characteristics common to all victims of CSE are not those of age, ethnicity or gender, rather their powerlessness and vulnerability. Victims often do not recognise that they are being exploited because they will have been groomed by their abuser(s). As a result, victims do not make informed choices to enter into, or remain involved in, sexually exploitative situations but do so from coercion, enticement, manipulation or fear. Sexual exploitation can happen face to face and it can happen online. It can also occur between young people.

In all its forms, CSE is child abuse and should be treated as a child safeguarding issue.

Preventing Radicalisation

Preventing violent extremism by countering the ideology of extremism and by identifying those who are being drawn into radicalism has for some time formed part of our approach to safeguarding. The Counter-terrorism and Security Act 2015 now imposes a duty on a wide range of bodies including all schools to respond when they become concerned that a child is being, or is at risk of, becoming radicalised. Compliance will be monitored through various inspection regimes such as Ofsted that will be looking to see that organisations have assessed the level of risk and that staff are appropriately trained to look out for signs of radicalisation. Also schools will be monitored to ensure they are aware of the process for making referrals to Channel, the panel that reviews and refers individuals to programmes to challenge extremist ideology.

Statutory guidance has been published and is available here:
<https://www.gov.uk/government/publications/prevent-duty-guidance>

If you have any concerns about individuals who may be being drawn into support for extremist ideology, please contact the Prevent Team prevent@nottinghamshire.pnn.police.uk who will then contact you to discuss whether a referral should be made. Although a police team, their role is to support early intervention so that vulnerable children or adults do not end up facing criminal sanctions.

Female Genital Mutilation

Female genital mutilation (FGM) refers to procedures that intentionally alter or cause injury to the female genital organs for non-medical reasons. The practice is illegal in the UK.

FGM typically takes place between birth and around 15 years old; however, it is believed that the majority of cases happen between the ages of 5 and 8.

Risk factors for FGM include:

- low level of integration into UK society
- mother or a sister who has undergone FGM
- girls who are withdrawn from PSHE
- visiting female elder from the country of origin
- being taken on a long holiday to the country of origin
- talk about a 'special' procedure to become a woman

Symptoms of FGM

FGM may be likely if there is a visiting female elder, there is talk of a special procedure or celebration to become a woman, or parents wish to take their daughter out-of-school to visit an 'at-risk' country (especially before the summer holidays), or parents who wish to withdraw their children from learning about FGM.

Potential indications that FGM may have already taken place may include:

- difficulty walking, sitting or standing and may even look uncomfortable.
- spending longer than normal in the bathroom or toilet due to difficulties urinating.
- spending long periods of time away from a classroom during the day with bladder or menstrual problems.
- frequent urinary, menstrual or stomach problems.
- prolonged or repeated absences from school or college, especially with noticeable behaviour changes (e.g. withdrawal or depression) on the girl's return
- reluctance to undergo normal medical examinations.
- confiding in a professional without being explicit about the problem due to embarrassment or fear.
- talking about pain or discomfort between her legs

The Serious Crime Act 2015 sets out a duty on professionals (including teachers) to notify police when they discover that FGM appears to have been carried out on a girl under 18. In schools, this will usually come from a disclosure.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out; and discuss any such cases with the safeguarding lead and Children's Social

Care. Although the duty does not apply in relation to at risk or suspected cases never the less this is still something that must be reported to social care.

Private Fostering

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more. A close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.

Parents and private foster carers both have a legal duty to inform the relevant local authority at least six weeks before the arrangement is due to start; not to do so is a criminal offence.

Whilst most privately fostered children are appropriately supported and looked after, they are a potentially vulnerable group who should be monitored by the local authority, particularly when the child has come from another country. In some cases privately fostered children are affected by abuse and neglect, or be involved in trafficking, child sexual exploitation or modern-day slavery.

Schools have a mandatory duty to report to the local authority where they are aware or suspect that a child is subject to a private fostering arrangement. Although schools have a duty to inform the local authority, there is no duty for anyone, including the private foster carer or social workers to inform the school. However, it should be clear to the school who has parental responsibility.

School staff should notify the designated safeguarding lead when they become aware of private fostering arrangements. The designated safeguarding lead will speak to the family of the child involved to check that they are aware of their duty to inform the local authority.

On admission to the school, we will take steps to verify the relationship of the adults to the child who is being registered.

Peer on Peer abuse

Staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting.

At Oak Field school we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other students. We recognise that some students will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's Behaviour Policy.

Occasionally, allegations may be made against students by others in the school, which are of a safeguarding nature. Safeguarding issues raised in this way may include physical abuse, emotional abuse, sexual abuse and sexual exploitation. Where this is the case we will follow the processes set out in the policy above. In addition we will be mindful of the fact that the pupil against whom the allegation has been made may also be vulnerable and need additional support and that their behaviour could be an indicator that they themselves are experiencing abuse, or have done so.

Children who Self-harm

Staff should always be mindful of the underlying factors which may lead a child or young person of any age to self-harm. This is particularly the case for children of primary school age as self-harm in this age group is uncommon. Where information comes to the attention of practitioners which suggests that a primary age child has self-harmed serious consideration must be given to whether there are other underlying factors, including abuse. All such cases should be discussed with children's social care.

Even in those unusual cases where a primary age child is thought to have self-harmed it is important to recognise that this behaviour is an indicator of emotional distress and the child will need support to address this.

Children with continence issues

Having control over continence is a developmental skill, and like other skills, children will attain it at different ages. Bedwetting (also known as nocturnal enuresis) is common and very few children will wet the bed on purpose. Bedwetting and daytime continence issues can have a significant impact on a child's behaviour and wellbeing. It can also be stressful for the parents or carers.

When supporting the child and their family, the emphasis must be on normalisation, no blame, no shame and strictly no punishments. Children should not be held responsible for their continence issues - rewards for dry nights are therefore unhelpful. NICE guidelines make it clear that maltreatment should be considered if a child is consistently reported to be deliberately wetting themselves, or the parents or carers are repeatedly punishing the child for their continence issues despite professional advice that it is involuntary.

Professional development

- The governors recognise that all staff and volunteers who work with pupils aged up to 18 years need to have appropriate child safeguarding training that equips them to recognise and respond to pupil welfare concerns.
- We will ensure staff are given mandatory induction, which includes familiarisation with child safeguarding policy, part 1 of Keeping Children Safe in Education, staff behaviour policy, the designated leads in the school, their responsibilities and procedures to be followed.
- The training, including multi-agency training, in the last 3 years undertaken by staff and governors to ensure their knowledge and skills are up to date includes:
 - *Introduction to Safeguarding and Child Protection (Feb 2016)*
 - *Safer Recruitment Training (April 2016)*
 - *Designated Senior Lead Refresher (Feb 2015)*
 - *LA DSL Network (Termly last Date Oct 2016)*
- A report of the school's training needs assessment is presented to the governors annually so that they can ensure that training is appropriately provided for all staff. This report is also shared with staff to enable them to contribute to the development of safeguarding practice in the school
- A training register is kept to indicate when staff and governors have been trained and this in turn informs the *annual* report to governors.
- Safer recruitment training has been attended by:
 - o **Laura Wyatt** **Date: April 2016**
 - o **Alison Kane** **Date: April 2016**
 - o **Glenys Clifton** **Date: April 2016**

Training

Regular training and discussion within the school environment is important and should be led by the Designated Leads for safeguarding.

Timelines for training:

- Designated Safeguarding Lead training: refreshed **within every two years** (statutory requirement).
 - Whole school training: To be refreshed **within every three years** as agreed with NCSCB. The above training is available through the Safeguarding in Education Service safeguardingineducation@nottinghamcity.gov.uk
- Safer recruitment training: Through the DfE on-line (under review)

All staff, schools and Governing bodies should be open to new learning and keep up to date with changes made to national and local safeguarding policy, procedure and guidance including that provided by our safeguarding partners.

Schools need to evaluate and demonstrate how well they fulfil their statutory responsibilities and exercise professional judgment in Keeping Children Safe as outlined in Keeping Children Safe in Education 2016.

Mobile Phones and Cameras in Early Years and Foundation Stage

At Oak Field School we have a separate policy in respect of Mobile Phone and Camera use.

Schools and Partnerships

Schools invest time and other resources in partnership activity and this investment should be aimed at improving outcomes for pupils. The Local Authority actively promotes the benefits to schools of partnerships and in this case to safeguard and improve the outcomes for potentially vulnerable pupils. Examples of this are:

- **Parental E-learning (free): Child Sexual Exploitation** is a high profile issue. Secondary schools and academies are asked to promote this e-learning with their parents and carers as it is an opportunity to improve their awareness in identifying and responding to child sexual exploitation from a preventative or early intervention perspective. <http://www.paceuk.info/the-problem/keep-them-safe/>
- **Pint Size Theatre:** Secondary Schools and Academies in Nottingham can access a performance of Pintsize Theatre's 'LUVU2' production. It is an interactive play aimed at raising awareness of Child Sexual Exploitation (CSE) with young people aged 13-14 (year 9). Contact is via email www.pintsizetheatre.co.uk or Tel: 0115 8419853.
- **NSPCC Child line Project:** (funded through the DfE) The project is free of charge to all primary schools and pupils in Years 5 & 6. Raising awareness through interactive classroom sessions with trained NSPCC staff, they come into schools, provide an assembly and workshops to raise the awareness with children about what is or is not acceptable behaviour and how and where to seek help if worried. Contact for this is through Emma Grishin NSPCC Area Child Line Coordinator email:- EGrishin@NSPCC.org.uk or Tel: 0115 9258602.

Further guidance

To support the work around child protection and safeguarding, links to statutory, national and local guidance are below:
